

## **Emprowise in Conjunction with Safety Advantage Provides Online Pipeline Safety Orientation**

Emprowise and Safety Advantage are excited to announce the release of the online Pipeline Safety Orientation (PSO) library to their customers and partners in the safety community. The PSO Library encompasses 31 courses that are divided into 5 sections. Each section is available on the Emprowise site at a rate of \$15.00 each. The package price for all 5 modules (31 courses) is \$75.00. All company records will be available online and can be posted to your ISNetworld RAV's training and Training Manager.

Visit <http://www.emprowise.com> to visit the Pipeline Safety Orientation library:
